

Phase 2: Org Setup & Configuration tutor-match (salesforce CRM project)

1. Salesforce Edition & Org Setup

- Salesforce Edition: Salesforce Developer Edition (free, best for prototyping & testing).
- Dev Org Setup: Create a dedicated Developer Org named Tutor Match CRM.

2. Company Profile Setup

- Company Name: Tutor Match CRM
- Default Currency: INR
- Default Time Zone: (GMT+05:30) India Standard Time
- Language: English (India)

The screenshot shows the Salesforce Setup interface for a Developer Edition org. The left sidebar has a search bar with 'company info' and a 'Company Information' link. The main content area is titled 'Company Information' and shows the organization's profile for 'Tutor Match'. The profile details include:

3. Business Hours & Holidays

- Working Hours: 8 AM – 8 PM (Mon–Sat)
- Holidays Configured:
 - Sundays (weekly off)

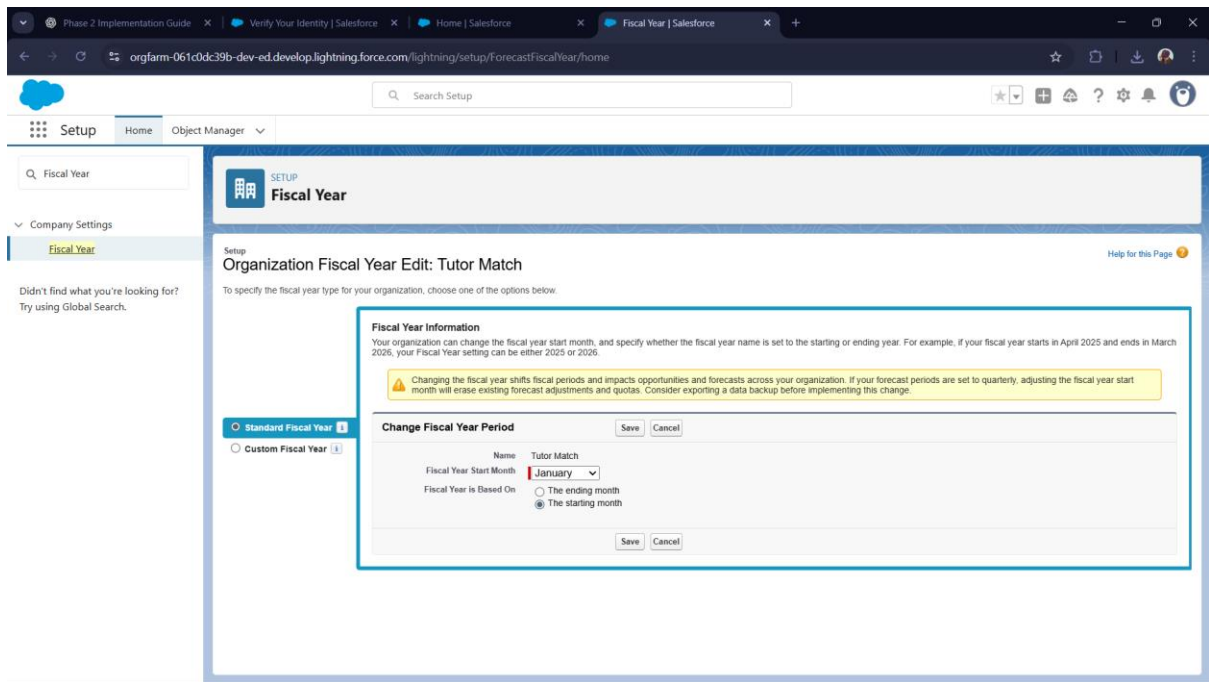

- National holidays (Republic Day, Independence Day, Diwali, etc.)

The screenshot shows the Salesforce Setup interface for the 'Holidays' section. The left sidebar contains a search bar with 'hol' and a list of company settings including 'Holidays'. The main content area is titled 'Holiday Detail' and includes a description: 'Holidays are dates and times at which business hours are suspended. These dates and times, when associated with business hours, also suspend any escalation rules associated with business hours. Add or remove business hours to holidays to suspend business hours and escalation rules during the holidays.' Below this, there is a 'Business Hours' link. The 'Holiday Detail' section includes fields for 'Holiday Name' (diwali holidays), 'Description' (celebrate diwali with your family happy diwali), 'Date and Time' (10/23/2025 All Day), and 'Created By' (pranjal shandilya 9/24/2025, 3:26 AM). There are 'Edit' and 'Delete' buttons for the holiday. Below the holiday details, there is a 'Business Hours' section with an 'Add/Remove' button and a message 'No records to display'. A 'Back To Top' link is at the bottom left, and a link to 'Always show me more records per related list' is at the bottom right.

The screenshot shows the Salesforce Setup interface for the 'Business Hours' section. The left sidebar contains a search bar with 'bus' and a list of company settings including 'Business Hours'. The main content area is titled 'Organization Business Hours' and includes a description: 'Select the days and hours that your support team is available. These hours, when associated with escalation rules, determine the times at which cases can escalate. If you enter blank business hours for a day, that means your organization does not operate on that day.' Below this, there is a 'Holidays' link. The 'Business Hours Detail' section includes fields for 'Business Hours Name' (Business Hours), 'Tutor Match crm', 'Time Zone' (GMT+03:00 East Africa Time (Indian/Mayotte)), and 'Default Business Hours' (checked). It also includes a table for 'Business Hours' with columns for 'Day' and 'Hours'. The table shows hours for Sunday (24 Hours), Monday (9:00 AM to 5:00 PM), Tuesday (9:00 AM to 5:00 PM), Wednesday (9:00 AM to 5:00 PM), Thursday (9:00 AM to 5:00 PM), Friday (9:00 AM to 5:00 PM), and Saturday (24 Hours). There are 'Edit' and 'Delete' buttons for the business hours. Below the business hours details, there is a 'Holidays' section with an 'Add/Remove' button and a message 'No records to display'. A 'Back To Top' link is at the bottom left, and a link to 'Always show me more records per related list' is at the bottom right.

4. Fiscal Year Setting

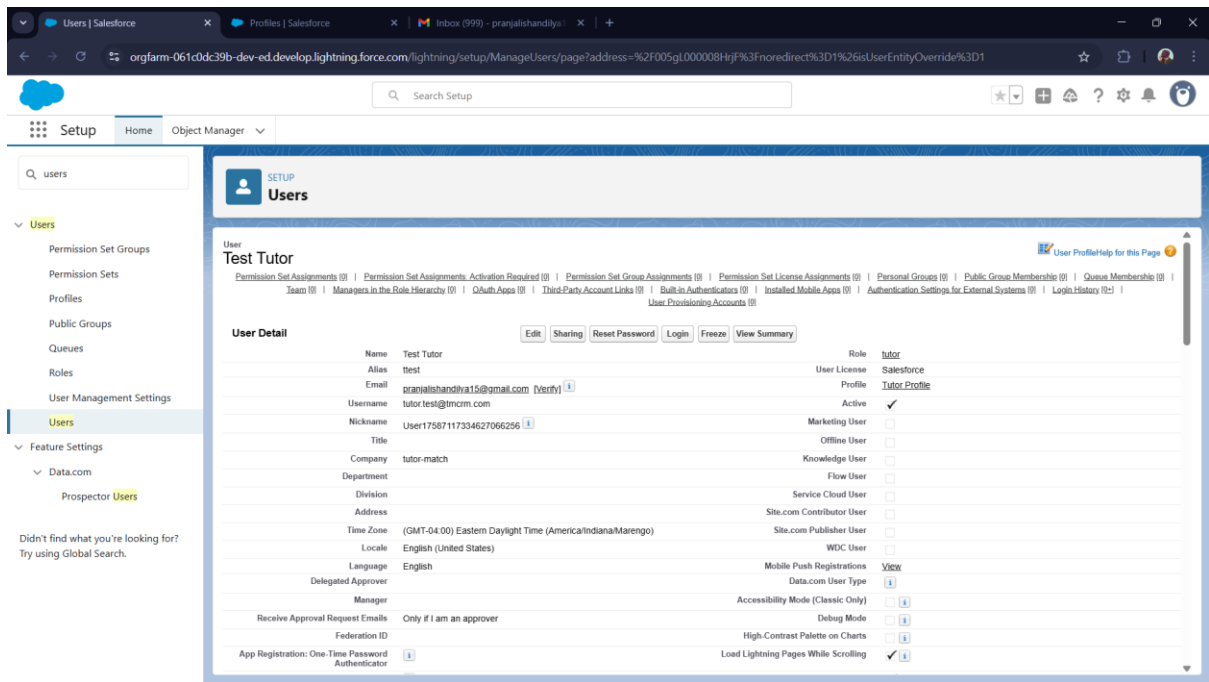

- Fiscal Year Type: Standard Fiscal Year (Jan–Dec).

5. User Setup & Licenses

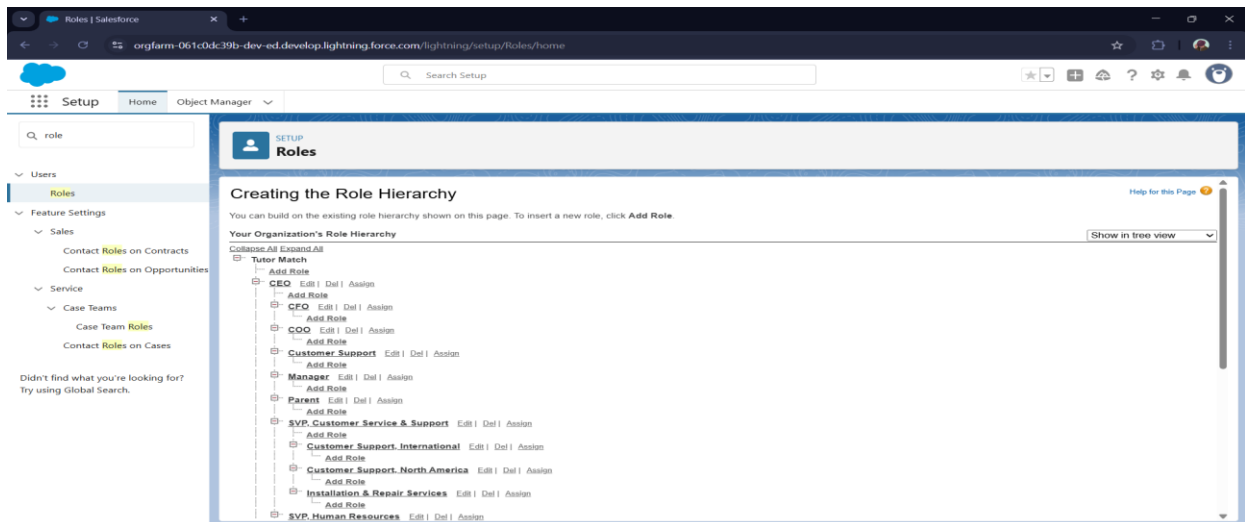

Stakeholders (from Phase 1): Admin, Parents, Tutors, Manager/Coordinator, Customer Support.

- Users to Create (limited due to Developer Org → max 2 active users):
 - System Admin (default full access).
 - Tutor User (to test tutor functionality).
 - Other roles (Parents, Manager, Customer Support) → Defined in role hierarchy (future scope)

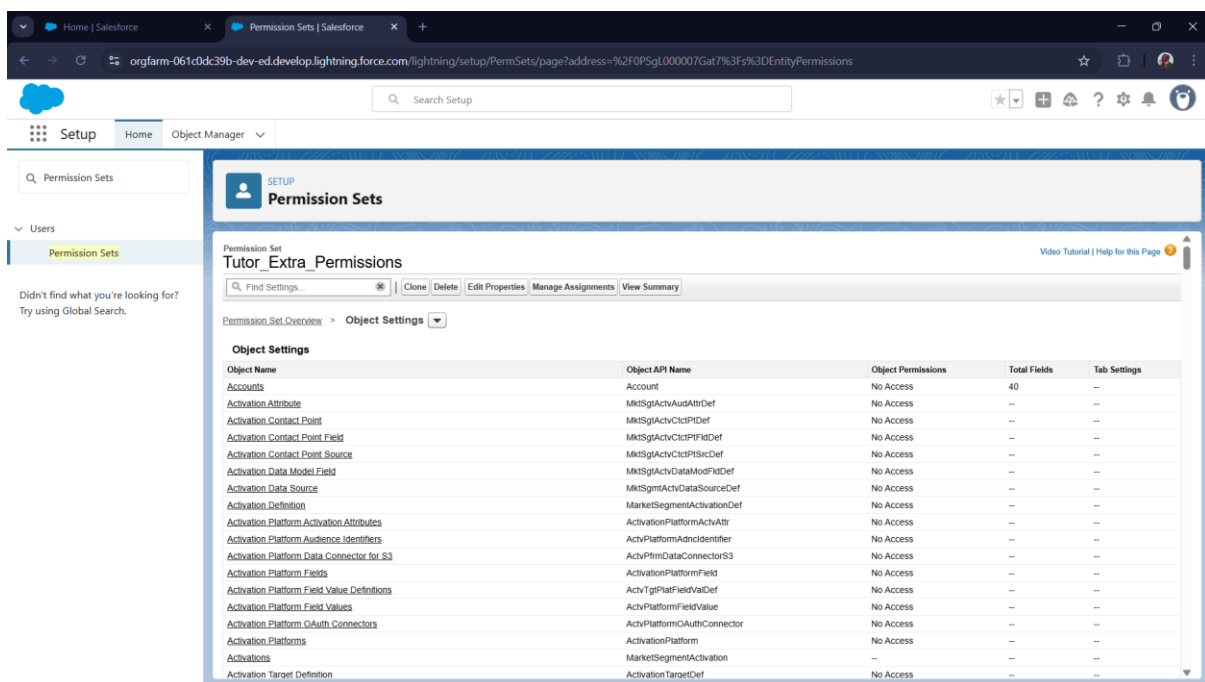

6. Profiles & Roles

- Role Hierarchy:
 - System Admin (top)
 - Manager/Coordinator
 - Tutors
 - Parents
 - Customer Support (parallel branch under Admin for issue resolution)
- Profiles to Create:
 - Tutor Profile (manage availability, sessions, feedback).
 - Parent Profile (search tutors, book sessions, give feedback).
 - Manager Profile (approve packages, view reports).
 - Customer Support Profile (handle disputes, cancellations).

7. Permission Sets

- Session Management Set (for Tutors)
 - Label: Session Management Set
 - Grants ability to Create/Edit Session records.
- Reports Access Set (for Managers & Admin)
 - Label: Reports Access Set
 - Grants ability to Create/Run Reports (performance, revenue).

8. Organization-Wide Defaults (OWD)

- Will be configured in Phase 3 after objects (Job Post, Candidate, Application, Interview) are created.

9. Sharing Rules

- Will be configured in Phase 3 after objects are created.

10.Login & Access Policies

- ❖ Enable: Force re-login after session timeout
- ❖ Save

11.Sandbox Usage & Deployment Basics

- ❖ Sandbox is used for testing automation and Apex before deployment.
- ❖ Deployment from Sandbox → Production will be done using Change Sets or SFDX.
